Our expert L.A. step-on guide, Curt Tucker, tells the story of how Los Angeles transformed from a tiny pueblo to a sprawling metropolis. It's a 500-year saga of how L.A. went from cowboys to cars, which battles raged in its backyards, how Hollywood was born, and why an aqueduct changed everything. Today, Los Angeles is in the midst of a cultural renaissance and building boom – in fact it's the largest in over a century and has to be seen to be believed.

Highlights on today's tour include; the "Becoming Los Angeles" exhibition at the museum of Natural History, the newest developments on Bunker Hill and the Historic Core, a stop at a new 160-million-dollar open air market, a look at the new \$340 million federal courthouse, the latest developments in Grand Park, a visit to the Italian American Museum.

Enjoy an included buffet lunch at the iconic Biltmore Hotel.
