Come enjoy a spectacular day featuring beautiful treasures and lavish luxuries! A docent-guided tour of the Nethercutt Collection will showcase this world-renowned “treasure house of beauty” – a collection that is a result of J.B. Nethercutt and his wife’s love of beauty. As owners of Merle Norman cosmetics, they were able to make their dream of bringing beauty to the public come true. Among the treasures are some of the world’s finest antique and classic cars from the 1910s, 20s and 30s – displayed in an opulent re-creation of an automotive Grand Salon. The Music Room displays a world-class collection of automated mechanical instruments – ranging from tiny musical pocket watches to the mighty Wurlitzer theater pipe organ!

Once we finish touring the Nethercutt we will have a box lunch provided by Porto’s bakery and picnic in the park before we head to the Historic San Fernando Mission. In the late 18th century, Franciscan missionaries established 21 missions along the California coast from San Diego to Sonoma. Each uniquely beautiful mission was built 1 day's trek from the next, along a path known as El Camino Real, remnants of which still exist. The missions' construction marked the beginning of European settlement of California and one of the best kept and most fascinating of all the missions is Mission San Fernando Rey de España. This historical Spanish colonial mission includes gardens, a museum, 18th century artifacts, and a replica of the original church and a great way to finish our day of "California Gold"....

**HIGHWAY TO HEAVEN**

September 22, 2018
Saturday
9:15 depart
3:30 return
$83

Tour includes admissions, picnic lunch, Curt Tucker and deluxe motor coach
